

Supply List: FOUNDATIONS

We'll begin with fabric and color selection.

An optional mixed-fabric color packet is available, or you may create your own palette using the supply list.

From there, we'll dive deeper into the BOX approach to building color palettes as we discuss fabric style, texture, scale, contrast, value, and weight.

Using our custom-designed mylar templates—featuring both organic and geometric shapes—you'll create the featured designs or use the templates as a starting point to develop your own unique shapes and graphics. The possibilities are limited only by your imagination.

BACKGROUND fabrics and our set of custom cut mylar templates are required for the project and will be provided as the core class kit.

The expanded mixed textiles fabric kit is optional or you can build your own using our supply list as a guide.

**SUPPLY SPECIFICS AND KIT COSTS
WILL BE AVAILABLE SHORTLY**
